UnitedHealthcare Community Plan List of Preferred Drugs

Frequently Asked Questions (FAQ)

Find answers here to questions you have about this UnitedHealthcare Community Plan List of Preferred Drugs. You can read all of the FAQ to learn more, or look for a question and answer.

1 What drugs are on the Preferred Drug List? (We call the Preferred Drug List the “Drug List” for short.)

The drugs on Preferred Drug List that starts on page <4> are the drugs covered by UnitedHealthcare Community Plan. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

UnitedHealthcare will cover all medically necessary drugs if:

- your doctor or other prescriber says you need them to get better or stay healthy, *and*
- you fill the prescription at a UnitedHealthcare Community Plan network pharmacy.

UnitedHealthcare may have additional steps to access certain drugs (see question <#5> below).

You can also see an up-to-date drug list on our website at <myuhc.com/CommunityPlan> or call Member Services at <1-877-542-8997> TTY 711.

2 Does the Drug List ever change?

Yes. UnitedHealthcare Community Plan may add or remove drugs on the Drug List during the year. Generally, the Drug List will only change if:

- a cheaper drug comes along that works as well as a drug on the Drug List now, *or*
- we learn that a drug is not safe.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (*Prior approval* is permission from UnitedHealthcare Community Plan before you can get a drug.)
- Add or change the amount of a drug you can get (called “quantity limits”).

- Add or change step therapy restrictions on a drug. (*Step therapy* means you must try one drug before we will cover another drug.)

Questions 3, 4, and 7 below have more information on what happens when the Drug List changes.

You can always check the up-to-date Drug List online at <myuhc.com/CommunityPlan> You can also call Member Services to check the current Drug List at <1-877-542-8997, TTY 711>.

3 What happens when another drug comes along that works as well as a drug on the Drug List now?

If you are taking a drug that is removed because another drug that works just as well is available, we will tell you. You will get a letter letting you know about the change. We will also tell you what alternate drugs are available to you. Contact your doctor or other prescriber to make sure another drug will work for you.

4 What happens when we find out a drug is not safe?

If the Food and Drug Administration (FDA) says a drug you are taking is not safe, we will take it off the Drug List right away. We will also send you a letter telling you that. Contact your doctor or other prescriber and ask about your other options.

5 Are there any restrictions or limits on drug coverage? Or are there any required actions to take in order to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases your doctor must do something before you can get the drug. For example:

- Prior approval (or prior authorization): For some drugs, your doctor or other prescriber must get approval from UnitedHealthcare before you fill your prescription. If you don't get approval, UnitedHealthcare may not cover the drug.
- Quantity limits: Sometimes UnitedHealthcare limits the amount of a drug you can get.
- Step therapy: Sometimes UnitedHealthcare requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If

your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages <4 – 206>. You can also get more information by visiting our website at <myuhc.com/CommunityPlan>. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also call Member Services and ask us to send you information about our prior authorization and step therapy restrictions.

6 How will you know if the drug you want has limitations or if there are required actions to take to get the drug?

The Preferred Drug List on pages <4–206> has a column labeled “Requirements and Limits.”

7 What happens if we change our rules on how we cover some drugs? For example, if we add prior authorization (approval), quantity limits, and/or step therapy restrictions on a drug.

We will tell you if we add prior approval, quantity limits, and/or step therapy restrictions on a drug. We will tell you before the restriction is added. This gives you time to talk to your doctor or other prescriber about what to do next.

8 How can you find a drug on the Drug List?

There are two ways to find a drug:

- You can search by medical condition.

To search by medical condition, find the section labeled “List of drugs by medical condition” on pages <1 – 3>. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat.

For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

- You can also search for drugs alphabetically.

To search alphabetically, go to the <Index of Covered Drugs> starting on page <207> Find the name of your drug. The page number where you can find the drug will be next to it.

9 What if the drug you want to take is not on the Drug List?

If you don't see your drug on the Drug List, call Member Services and ask about it. If you learn that UnitedHealthcare does not prefer the drug, you can do one of these things:

- Ask Member Services for a list of drugs that are similar to the one you want to take.

Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. *Or*

- You can ask the health plan to make an exception to cover your drug. Please see question 11 for more information about exceptions.

10 What if you just joined UnitedHealthcare Community Plan and can't find your drug on the Drug List or have a problem getting your drug?

We can help. We may cover a temporary supply of your drug during the first 90 days you are a member of UnitedHealthcare. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead, or whether to request an exception.

11 Can you ask for an exception to cover your drug?

Yes. Your doctor can ask UnitedHealthcare Community Plan to make an exception to cover a drug that is not on the Drug List.

Your doctor can also ask us to change the rules on your drug.

- For example, we may limit the amount of a drug we will cover. If your drug has a limit, your doctor can ask us to change the limit and cover more.
- Other examples: Your doctor can ask us to drop step therapy restrictions or prior approval requirements.

12 How long does it take to get an exception?

First, we must receive some information from your doctor supporting your request for an exception. After we receive the information, we will give you a decision on your exception request within the timeframes required by the state, generally within 24 hours.

13 How can you ask for an exception?

To ask for an exception, you can do one of two things:

- Call Member Services. A Member Services representative

- will work with you and your doctor to help ask for an exception.
- Call your doctor and ask them to request an exception by calling the Prior Notification Service at <1-800-310-6826>, or they can fax a request to<866-940-7328>.

14 What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). In most instances UnitedHealthcare covers generic drugs first. If your doctor feels a brand name drug is medically necessary, you will need to ask your doctor to submit for prior approval.

15 What are OTC drugs?

OTC stands for "over-the-counter." UnitedHealthcare prefers some OTC drugs when they are written as prescriptions by your provider. You can read the UnitedHealthcare Community Plan Drug List to see what OTC drugs are preferred.

16 Does UnitedHealthcare cover OTC non-drug products?

UnitedHealthcare covers some OTC non-drug products when they are written as prescriptions by your provider. You can read the UnitedHealthcare Community Plan Drug List to see what OTC non-drug products are covered.

17 What is a Specialty Pharmacy Medication?

A specialty pharmacy medication is a drug that generally has one or more of the following characteristics:

- It's used by a small number of people
- It treats rare, chronic, and/or potentially life-threatening diseases
- It has special storage or handling requirements such as needing to be refrigerated
- It may need close monitoring, ongoing clinical support and management, and complete patient education and engagement

- It's a high cost medication
- It may not be available at retail pharmacies
- It may be oral, injectable, or inhaled

Specialty pharmacy medications are available through our specialty pharmacy network. If you have questions, call Member Services at <1-877-542-8997, TTY 711>.

List of Preferred Drugs

The List of Preferred Drugs that begins <1> gives you information about the drugs covered by UnitedHealthcare Community Plan. If you have trouble finding your drug in the list, turn to the Index that begins on page <207>

The first column of the chart lists the generic name of the drug. The second column of the chart lists brand name drugs. Brand name drugs are capitalized (e.g., CRESTOR). The third column in the list tells you if the preferred drug covered is the brand or generic version.

The information in the "Requirements & Limits" column tells you if UnitedHealthcare has any rules for covering your drug.

Utilization Management Restrictions

PA - Prior approval (or prior authorization)

For some drugs, your doctor or other prescriber must get approval from UnitedHealthcare Community Plan before you fill your prescription. If you don't get approval, UnitedHealthcare may not cover the drug.

QL - Quantity limits

Sometimes UnitedHealthcare Community Plan limits the amount of a drug you can get.

ST - Step therapy

Sometimes UnitedHealthcare Community Plan requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then your doctor can ask for approval to cover the second.

Other special requirements for coverage

SP – Specialty Pharmacy

Drug needs to be accessed through a network Specialty Pharmacy.

Specialty Pharmacy Drugs may require extra handling, provider coordination or patient education that can't be done at a network retail pharmacy.

Drug Tiers

The drugs listed in the PDL have different tiers. The tiers are listed in the grid below.

Tier Name	Drug Tier
Tier 1	Generic
Tier 2	Brand

[ABBREVIATIONS]

OTC = Over the Counter

PA = Prior Authorization required

QL = Quantity Limit

ST = Step Therapy

SP = Specialty Pharmacy

Preguntas frecuentes

Encuentre aquí las respuestas a sus preguntas sobre esta Lista de Medicamentos Preferidos de UnitedHealthcare Community Plan. Puede leer todas las preguntas frecuentes para obtener más información o buscar una pregunta y su respuesta.

1. ¿Qué medicamentos están en la Lista de Medicamentos Preferidos? (Para abreviar, denominamos a esta lista “Lista de Medicamentos”).

Los medicamentos de la Lista de Medicamentos Preferidos que comienza en la página <4> son los medicamentos cubiertos por UnitedHealthcare Community Plan. Estos medicamentos están disponibles en farmacias dentro de nuestra red. Una farmacia se encuentra en nuestra red si tenemos un acuerdo con ella para que trabaje con nosotros y le proporcione servicios. A estas farmacias las denominamos “farmacias de la red”.

UnitedHealthcare Community Plan cubrirá todos los medicamentos médicamente necesarios si:

- su médico u otro profesional que receta dice que los necesita para mejorarse o mantenerse en buen estado de salud,
- y
- usted surte una receta en una farmacia de la red de UnitedHealthcare Community Plan.

UnitedHealthcare Community Plan puede requerir pasos adicionales para tener acceso a determinados medicamentos (vea la pregunta <#5> a continuación).

También puede ver una lista de medicamentos actualizada en nuestro sitio web en <myuhc.com/CommunityPlan> o puede llamar al Departamento de Servicio al Cliente al <1-877-542-8997> TTY 711.

2. ¿Cambia alguna vez la Lista de Medicamentos Preferidos?

Sí. UnitedHealthcare Community Plan puede agregar o quitar medicamentos de la Lista de Medicamentos Preferidos durante el año. Por lo general, la Lista de Medicamentos Preferidos solo cambiará si:

- aparece un medicamento más económico que funciona igual que un medicamento que está actualmente en la Lista de Medicamentos Preferidos, o
- si tomamos conocimiento de que un medicamento no es seguro.

También podemos cambiar nuestras reglas sobre los medicamentos. Por ejemplo, podríamos:

- Decidir exigir o no exigir aprobación previa para un medicamento. (*Aprobación previa* es un permiso de UnitedHealthcare Community Plan antes de que usted pueda obtener un medicamento).
- Agregar o cambiar la cantidad de un medicamento que puede obtener (denominados "límites de cantidad").
- Agregar o cambiar las restricciones de terapia escalonada de un medicamento. (*Terapia escalonada* significa que usted debe probar un medicamento antes de que cubramos otro medicamento).

Las preguntas 3, 4 y 7 a continuación tienen más información sobre lo que sucede cuando cambia la Lista de Medicamentos Preferidos.

Siempre puede consultar la Lista de Medicamentos Preferidos actualizada en Internet en <myuhc.com/CommunityPlan>. También puede llamar al Departamento de Servicio al Cliente para consultar la Lista de Medicamentos Preferidos actual al <1-877-542-8997, TTY 711>.

3. ¿Qué sucede cuando aparece otro medicamento que funciona igual que un medicamento que está actualmente en la Lista de Medicamentos Preferidos?

Si está tomando un medicamento que se retira porque otro medicamento que funciona igual está disponible, se lo informaremos. Recibirá una carta que le informará sobre el cambio. También le informaremos qué medicamentos alternativos están disponibles para usted. Comuníquese con su médico u otro profesional que receta para asegurarse de que otro medicamento sea adecuado para usted.

4. ¿Qué sucede cuando averiguamos que un medicamento no es seguro?

Si la Administración de Medicamentos y Alimentos (FDA) anuncia que un medicamento que usted está tomando no es seguro, lo quitaremos inmediatamente de la Lista de Medicamentos Preferidos. También le enviaremos una carta para informarle al respecto. Comuníquese con su médico u otro profesional que receta para preguntarle sobre sus otras opciones.

5. ¿Se aplican restricciones o límites a la cobertura de medicamentos? ¿O se requiere tomar alguna medida a fin de obtener determinados medicamentos?

Sí, algunos medicamentos tienen reglas de cobertura o tienen límites sobre la cantidad que usted puede obtener. En algunos casos, su médico debe hacer algo antes de que usted pueda obtener el medicamento. Por ejemplo:

- Aprobación previa (o preautorización): Para algunos medicamentos, su médico u otro profesional que receta debe obtener aprobación de UnitedHealthcare Community Plan antes de que usted pueda surtir su receta. Si no obtiene la aprobación, es posible que UnitedHealthcare Community Plan no cubra el medicamento.
- Límites de cantidad: A veces, UnitedHealthcare Community Plan limita la cantidad de un medicamento que usted puede obtener.
- Terapia escalonada: A veces, UnitedHealthcare Community Plan requiere que usted haga una terapia escalonada. Esto significa que deberá probar los medicamentos en un determinado orden para su condición médica. Usted podría tener que probar un medicamento antes de que cubramos otro medicamento. Si su médico considera que el primer medicamento no es adecuado para usted, cubriremos el segundo.

Puede averiguar si su medicamento tiene requisitos o límites adicionales consultando las tablas de las páginas <4 – 206>. También puede obtener más información visitando nuestro sitio web en <myuhc.com/CommunityPlan>. Hemos publicado documentos en Internet que explican nuestras restricciones de preautorización y terapia escalonada. También puede llamar al Departamento de Servicio al Cliente y pedirnos que le enviemos información sobre nuestras restricciones de preautorización y terapia escalonada.

6. ¿Cómo sabrá si el medicamento que desea está sujeto a límites o si debe tomar medidas adicionales para poder obtenerlo?

La Lista de Medicamentos Preferidos en las páginas <4-206 > tiene una columna denominada “Requisitos y límites”.

7. ¿Qué sucede si cambiamos nuestras reglas sobre cómo cubrimos algunos medicamentos?

Por ejemplo, si agregamos un requisito de preautorización (aprobación), límites de cantidad o restricciones de terapia escalonada a un medicamento.

Si agregamos un requisito de aprobación previa, límites de cantidad o restricciones de terapia escalonada a un medicamento, se lo informaremos. Le informaremos antes de

que se agregue la restricción. Esto le da tiempo para hablar con su médico u otro profesional que receta sobre qué hacer a continuación.

8. ¿Cómo puede buscar un medicamento en la Lista de Medicamentos Preferidos?

Hay dos formas de buscar un medicamento:

- Puede buscar por condición médica.

Para buscar por condición médica, encuentre la sección “Lista de medicamentos por condición médica” en las páginas <1– 3>. Los medicamentos en esta sección están agrupados en categorías según el tipo de condiciones médicas para cuyo tratamiento se utilizan. Por ejemplo, si usted tiene una condición cardíaca, debe buscar en la categoría Agentes cardiovasculares. Allí es donde encontrará los medicamentos que tratan las condiciones cardíacas.

- También puede buscar medicamentos por orden alfabético.

Para buscar por orden alfabético, vaya a la sección <Índice alfabético de medicamentos cubiertos> que comienza en la página <207>.

Encuentre el nombre de su medicamento. Al lado del medicamento está el número de página donde se encuentra.

9. ¿Qué debe hacer si el medicamento que desea tomar no está en la Lista de Medicamentos Preferidos?

Si su medicamento no aparece en la Lista de Medicamentos Preferidos, llame al Departamento de Servicio al Cliente y pregunte al respecto. Si UnitedHealthcare Community Plan no incluye su medicamento dentro de los medicamentos preferidos del plan, usted tiene dos opciones:

- Solicite al Departamento de Servicio al Cliente una lista de medicamentos que sean similares al que usted desea tomar. Luego muestre la lista a su médico u otro profesional que receta. Este puede recetar un medicamento que aparezca en la Lista de Medicamentos Preferidos que sea como el que desea tomar. O

- Puede solicitar al plan de salud que haga una excepción y cubra su medicamento.

Consulte la pregunta 11 para obtener más información sobre las excepciones.

10. ¿Qué sucede si acaba de inscribirse en UnitedHealthcare Community Plan y su medicamento no aparece en la Lista de Medicamentos Preferidos o tiene problemas para obtener su medicamento?

Podemos ayudar. Podemos cubrir un suministro temporal de 30 días de su medicamento durante los primeros 90 días de su membresía en UnitedHealthcare Community Plan. Esto le dará tiempo para hablar con su médico u otro profesional que receta. Este puede ayudarle a decidir si hay un medicamento similar en la Lista de Medicamentos Preferidos que usted puede tomar en lugar del otro, o si debe solicitar una excepción.

11. ¿Puede solicitar una excepción para cubrir su medicamento?

Sí. Su médico puede solicitar a UnitedHealthcare Community Plan que haga una excepción y cubra un medicamento que no aparece en la Lista de Medicamentos Preferidos.

Su médico también puede solicitarnos que cambiemos las reglas sobre su medicamento.

- Por ejemplo, podemos limitar la cantidad de un medicamento que cubriremos. Si su medicamento tiene un límite, su médico puede pedirnos que cambiemos el límite y cubramos una cantidad mayor.
- Otros ejemplos: Su médico puede solicitarnos que dejemos de lado las restricciones de terapia escalonada o los requisitos de aprobación previa.

12. ¿Cuánto tiempo demora conseguir una excepción?

Primero, debemos recibir más información de su médico que respalde su solicitud de una excepción. Después de que recibamos la información, le daremos una decisión sobre su solicitud de excepción dentro los plazos requeridos por el estado, por lo general, dentro de las 24 horas.

13. ¿Cómo puede solicitar una excepción?

Para solicitar una excepción, puede hacer una de estas dos cosas:

- Llame al Departamento de Servicio al Cliente. Un representante de dicho departamento trabajará con usted y con su médico para ayudarle a solicitar una excepción.

- Llame a su médico y pídale que solicite una excepción llamando al Servicio de Prenotificación al <1-800-310-6826>, o puede enviar una solicitud por fax al <866-940-7328>.

14. ¿Qué son los medicamentos genéricos?

Los *medicamentos genéricos* están compuestos por los mismos ingredientes activos que los medicamentos de marca.

Por lo general, cuestan menos que el medicamento de marca y no tienen nombres muy conocidos. Los medicamentos genéricos están aprobados por la Administración de Medicamentos y Alimentos (FDA). En la mayoría de los casos, UnitedHealthcare Community Plan cubre los medicamentos genéricos primero. Si su médico considera que un medicamento de marca es médicamente necesario, deberá pedirle a su médico que envíe una solicitud de aprobación previa.

15. ¿Qué son los medicamentos sin receta?

OTC son las siglas en inglés de “sin receta” (*over-the-counter*). UnitedHealthcare Community Plan considera algunos medicamentos sin receta como medicamentos preferidos si su proveedor extiende una receta para estos.

Puede consultar la Lista de Medicamentos Preferidos de UnitedHealthcare Community Plan para ver qué medicamentos sin receta son los preferidos.

16. ¿Cubre UnitedHealthcare Community Plan productos sin receta que no son medicamentos?

UnitedHealthcare Community Plan cubre algunos productos sin receta que no son medicamentos si su proveedor extiende una receta para estos.

Puede consultar la Lista de Medicamentos Preferidos de UnitedHealthcare Community Plan para ver qué productos sin receta que no son medicamentos están cubiertos.

17. ¿Qué es un medicamento de farmacia especializada?

Un medicamento de farmacia especializada es un medicamento que, por lo general, tiene una o más de las siguientes características:

- Es utilizado por una cantidad reducida de personas
- Trata enfermedades raras, crónicas o potencialmente mortales

- Tiene requisitos de almacenamiento o manipulación especiales, como la necesidad de estar refrigerado
- Es posible que requiera control de cerca, apoyo y manejo clínicos continuos, y educación y compromiso totales del paciente
- Es un medicamento de alto costo
- Es posible que no esté disponible en farmacias de venta al por menor
- Puede ser de administración oral, inyectable o inhalable

Los medicamentos de farmacia especializada están disponibles a través de nuestra red de farmacias especializadas.

Si tiene alguna pregunta, llame al Departamento de Servicio al Cliente al <1-877-542-8997, TTY 711>.

Lista de Medicamentos Preferidos

La Lista de Medicamentos Preferidos que comienza <en la página siguiente> le proporciona información sobre los medicamentos cubiertos por UnitedHealthcare Community Plan. Si tiene dificultad para encontrar su medicamento en la lista, consulte el Índice alfabético que comienza en la página <187>.

La primera columna del cuadro indica el nombre genérico del medicamento. La segunda columna del cuadro indica los medicamentos de marca. Los medicamentos de marca se indican en mayúscula (p. ej., CRESTOR). La tercera columna de la lista le indica si el medicamento preferido cubierto es la versión de marca o la genérica.

La información de la columna “Requisitos y límites” le informa si UnitedHealthcare Community Plan tiene alguna regla para la cobertura de su medicamento.

Restricciones de administración de la utilización

PA - Aprobación previa (o preautorización)

Para algunos medicamentos, su médico u otro profesional que receta debe obtener la aprobación de UnitedHealthcare Community Plan antes de que usted pueda surtir su receta. Si no obtiene la aprobación, es posible que UnitedHealthcare Community Plan no cubra el medicamento.

QL – Límites de cantidad

A veces, UnitedHealthcare Community Plan limita la cantidad de un medicamento que usted puede obtener.

ST – Terapia escalonada

A veces, UnitedHealthcare Community Plan requiere que usted haga una terapia escalonada. Esto significa que deberá probar los medicamentos en un determinado orden para su condición médica. Usted podría tener que probar un medicamento antes de que cubramos otro medicamento. Si su médico considera que el primer medicamento no es adecuado para usted, su médico puede solicitar la aprobación de la cobertura del segundo.

Otros requisitos especiales de cobertura

SP – Farmacia especializada

Se debe acceder a los medicamentos a través de una farmacia especializada de la red.

Los medicamentos de farmacia especializada pueden requerir manejo adicional, coordinación de proveedores o educación del paciente que no se puede realizar en una farmacia de venta al por menor de la red.

[ABREVIATURAS]

OTC = Sin receta

PA = Se requiere Preautorización
