When and where do I use my UnitedHealthcare Community Plan ID card?

Every person who becomes a member of UnitedHealthcare Community Plan gets an ID card. The ID card gives the doctor and office staff important information about you. You will get a new ID card if you change your PCP.

Check your card to make sure the information is correct. If you get an ID card that has no PCP name but says to call **1-888-887-9003**, please call Member Services to select a PCP. Give your ID card to the doctor to verify coverage when getting services. The ID card is not a guarantee of benefits or coverage.

Your ID card will have the STAR+PLUS symbol and the UnitedHealthcare Community Plan symbol. This will let your provider know that you are a UnitedHealthcare Community Plan member. Your name, ID number, the date you joined the UnitedHealthcare Community Plan program, and your date of birth will be seen on your card. Your group number will also be on your card.

If you have Medicare, your UnitedHealthcare Community Plan ID card will say that you get Long-Term Services and Supports only. This means you will get your doctor, hospital, lab, X-ray and other acute care services from Medicare or your Medicare HMO.

How to replace your card if it is lost

If you lose your UnitedHealthcare Community Plan ID card, call Member Services right away at **1-888-887-9003**. Member Services will send you a new one. Call TDD/TTY: **7-1-1** for deaf and hard of hearing.

Your Texas Benefits (YTB) Medicaid Card

When you are approved for Medicaid, you will get a Your Texas Benefits Medicaid Card. This plastic card will be your everyday Medicaid Card. You should carry and protect it just like your driver's license or a credit card. Your doctor can use the card to find out if you have Medicaid benefits when you go for a visit.

You will be issued only one card, and you will receive a new card only if your card is lost or stolen. If your Medicaid Card is lost or stolen, you can get a new one by calling toll-free 1-800-252-8263.

If you are not sure if you are covered by Medicaid, you can find out by calling toll-free at 1-800-252-8263. You can also call 2-1-1. First pick a language and then pick option 2, or by going online to order or print a temporary card at www.YourTexasBenefits.com.

Your health information is a list of medical services and drugs that you have gotten through Medicaid. We share it with Medicaid doctors to help them decide what health care you need. If you don't want your doctors to see your medical and dental information through the secure online network, call toll-free at 1-800-252-8263, or opt out of sharing your health information at www.YourTexasBenefits.com.

The YTB Medicaid Card has these facts printed on the front:

- Your name and Medicaid ID number
- The date the card was sent to you
- The name of the Medicaid program you're in if you get:
 - Medicare (QMB, MQMB),
 - Healthy Texas Women Program (HTW),
 - Hospice,
 - STAR Health,
 - Emergency Medicaid, or
 - Presumptive Eligibility for Pregnant Women (PE).
- Facts your drug store will need to bill Medicaid
- The name of your doctor and drug store if you're in the Medicaid Lock-in Program

The back of the Your Texas Benefits Medicaid Card has a website you can visit (www.YourTexasBenefits.com) and a phone number you can call toll-free (1-800-252-8263) if you have questions about the new card.

If you forget your card, your doctor, dentist, or drug store can use the phone or the Internet to make sure you get Medicaid benefits.

Going to the doctor

What is a Primary Care Provider (PCP)?

Your PCP has the job of taking care of you. Regular checkups with your PCP are important and can help you stay healthy. Your PCP will do regular health screenings that can find problems.

Finding and treating problems early can prevent them from becoming bigger problems later. Your PCP will be your personal doctor from now on. Your PCP will take care of you and refer you to a specialist when needed. You should talk to your PCP about all of your health care needs.

Always talk to your PCP when you want to visit another doctor. Your PCP will give you a referral form if you need one. Your relationship with your PCP is important. Get to know your PCP as soon as possible. It is important to follow the PCP's advice. A good way to build a relationship with your PCP is to call and schedule a checkup. You can meet your PCP then. He or she will get to know your medical history, any medications you are taking and any other health problems.

Don't forget that your PCP is the first one you call with any health problems or questions.

Note: For STAR+PLUS members who are covered by Medicare, no Primary Care Provider will be assigned.

STAR+PLUS coverage and Medicare

How does my UnitedHealthcare Community Plan STAR+PLUS coverage affect me if I have both Medicare and STAR+PLUS?

If you have both Medicare and STAR+PLUS, you have “dual eligibility.” This means that you have more than one form of medical coverage. Your UnitedHealthcare Community Plan STAR+PLUS benefits will not be reduced or change any of your Medicare benefits.

As a “dual eligible” member with both Medicare and STAR+PLUS, Medicare Part D will cover your prescriptions. Your Service Coordinator will help arrange your care with Medicare or your Medicare HMO.

If you have traditional Medicare coverage, you can still use the doctor you have been seeing. You can also get Medicare-covered specialty services without approval from UnitedHealthcare Community Plan STAR+PLUS. We will work with your doctor for the services you get through UnitedHealthcare Community Plan STAR+PLUS. Tell your Service Coordinator the name of your regular doctor, especially if you change doctors.

We can help you pick a doctor if you have traditional Medicare coverage but do not have a doctor you see regularly. This doctor can arrange both your UnitedHealthcare Community Plan STAR+PLUS and your Medicare services.

If you join a Medicare HMO, your Primary Care Provider will be the doctor you have chosen through your Medicare HMO. You do not have to pick another Primary Care Provider for UnitedHealthcare Community Plan STAR+PLUS. Your Medicare doctor will work with your UnitedHealthcare Community Plan STAR+PLUS Service Coordinator to arrange your STAR+PLUS services. Be sure to tell your Service Coordinator the name of your Medicare Primary Care Provider.

Did you know that you might be able to hire and manage the people who provide your services?

UnitedHealthcare Community Plan Can Help You Manage Your Home Services. Consumer-Directed Services (CDS) is a program for people receiving certain services available under the CDS option. With this program, you find, hire and train the people providing these specific services. You also review the budget for the services. You decide how much to pay these providers. You can pick the person to handle the services for you. If you pick this program, an agency will teach you what to do. The agency will also handle the payroll for your services.

If you pick the CDS choice, you are the employer. You can hire, fire and manage your own health service providers. This can include your attendant(s), back-up attendant(s), in-home and out-of-home respite providers and providers for services available under the CDS option. You have control over how your program funds are spent on salary and benefits for your employee(s). You pick a CDS agency to manage fiscal services for you. As an employer, you need to arrange payment of employment taxes. You need to pay your employees from your program funds. Your CDS agency will offer this service for you.

Why would I want to pick CDS?

When you hire your own employees, you can often find people you prefer to work for you. Within your allotted service budget, you can set your employees' wages and benefits. You can hire back-up employees for times when your regular employees cannot work. You can give benefits, such as vacation days and bonuses. You pick a CDS agency (CDSA) to do your payroll and federal and state taxes.

How does CDS work?

You pick the Consumer-Directed Services Administrator (CDSA) to do your payroll and act as your agent to pay taxes. The CDSA helps you set up a budget. In some programs, the CDSA offers guidance on recruitment, salaries, benefits and administrative costs.

What if I need to see a special doctor (specialist)?

Your PCP might want you to see a special doctor (specialist) for certain health care needs. While your PCP can take care of most of your health care needs, sometimes they will want you to see a specialist for your care. A specialist has received training and has more experience taking care of certain diseases, illnesses and injuries. UnitedHealthcare Community Plan has many specialists who will work with you and your PCP to care for your needs.

What is a referral?

Your PCP will talk to you about your needs and will help make plans for you to see the specialist that can provide the best care for you. This is called a referral. Your doctor is the only one that can give you a referral to see a specialist. If you have a visit, or receive services from a specialist without your PCP's referral, or if the specialist is not a UnitedHealthcare Community Plan provider, you might be responsible for the bill. In some cases, an OB/GYN can also give you a referral for related services.

What services do not need a referral?

You do NOT need a referral for:

- Emergency Services
- OB/GYN care
- Behavioral Health Services
- Routine Vision Services

Contact your PCP or Member Services at **1-888-887-9003** to determine if you need a referral.

How can I ask for a second opinion?

You have the right to a second opinion from a UnitedHealthcare Community Plan provider if you are not satisfied with the plan of care offered by the specialist. Your Primary Care Provider should be able to give you a referral for a second opinion visit. If your doctor wants you to see a specialist that is not a UnitedHealthcare Community Plan provider, that visit will have to be approved by UnitedHealthcare Community Plan. You can call Member Services at **1-888-887-9003** for help with getting a second opinion.

Prior authorization

In some cases your provider must get permission from the health plan before giving you a certain service. This is called prior authorization. This is your provider's responsibility. If they do not get prior authorization, you will not be able to get those services.

You do not need prior authorization for advanced imaging services that take place in an emergency room, observation unit, urgent care facility or during an inpatient stay. You do not need a prior authorization for emergencies. You do not need prior authorization to see a women's health care provider for women's health services or if you are pregnant or receiving Texas Health Steps medical checkups for members under the age of 21. What if I get a bill from my Nursing Facility? Who do I call? What information will they need?

If you still get a bill, call Member Services at **1-888-887-9003** for help.

What if I have other health insurance in addition to Medicaid?

Medicaid and private insurance

You are required to tell Medicaid staff about any private health insurance you have.

You should call the Medicaid Third Party Resources hotline and update your Medicaid case file if:

- Your private health insurance is canceled
- You get new insurance coverage
- You have general questions about third party insurance

You can call the hotline toll-free at 1-800-846-7307. If you have other insurance, you may still qualify for Medicaid. When you tell Medicaid staff about your other health insurance, you help make sure Medicaid only pays for what your other health insurance does not cover.

Important: Medicaid providers cannot turn you down for services because you have private health insurance as well as Medicaid. If providers accept you as a Medicaid patient, they must also file with your private health insurance company.

Can my Medicare provider bill me for services or supplies if I am in both Medicare and Medicaid?

You cannot be billed for Medicare “cost-sharing,” which includes deductibles, coinsurance and copayments that are covered by Medicaid.

Advance Directives

What are Advance Directives?

All adults in hospitals, nursing centers, and other health care settings have certain rights. For instance, you have the right to have your personal and medical records kept private. You have the right to know what treatment you will get. Under federal law, you have the right to fill out an Advance Directive. Advance Directives are written documents that let you decide and put into writing what kind of treatment you want or do not want, and any actions you want carried out if you are too sick to make decisions about your health care. It is our policy to let all adult UnitedHealthcare Community Plan members know that they can prepare these documents. The federal law on Advance Directives requires hospitals, nursing centers and other health care providers to give you information about Advance Directives. The information will explain your legal choices in making decisions about medical care. The law was written to increase your control over medical treatment decisions.

Advance Directives are written documents that give you the chance to decide and put into writing what kind of treatment you want or do not want, and any actions you want carried out if you become too sick to make decisions about your health care.

How do I get an Advance Directive?

Contact your PCP or call Member Services at **1-888-887-9003**. Call TDD/TTY: **7-1-1**, for deaf and hard of hearing.

Who has the right to make health care decisions?

You do, if you are an adult and able to let providers know of your health care decisions. You decide what health care, if any, you will not accept.

What if I become unable to make or let providers know of my health care decisions?

You can still have some control over these decisions if you have signed an Advance Directive. Your PCP must include in your medical record whether you have signed an Advance Directive. If you have not named someone in your Advance Directive, your doctor must seek a person authorized by law to make these decisions.

What if I am too sick to make a decision about my medical care?

You can still have some control over these decisions if you have signed an Advance Directive. Your PCP must include in your medical record whether you have signed an Advance Directive. If you have not named someone in your Advance Directive, your doctor must seek a person authorized by law to make these decisions.

Other plan details

What are my options for making an Advance Directive?

Under Texas law, you can make the following directives:

1. **A Durable Power of Attorney for Health Care** — a written document giving the designated person the power to act in your place and make decisions on your health care. Your Durable Health Care Power of Attorney will also include any details or guidance about health care you want or do not want. This could include withholding or withdrawing procedures if you are in a “terminal condition.” A “terminal condition” is when a patient cannot be cured and will die without life-sustaining procedures. (Two doctors must state this in writing.) A patient is also in a “terminal condition” if that patient is in a permanent vegetative state or an irreversible coma.
2. **A Living Will** — a written statement about health care you want or do not want if you cannot make these decisions. For example, a Living Will can say whether you would want to be fed through a tube if you were unconscious and not likely to recover. A Living Will directs doctors to withhold/withdraw or continue life-sustaining procedures if you are in a “terminal condition.” You can also tell doctors whether to use other life-sustaining procedures.

Must my Advance Directive be followed?

Yes. Your PCP, other health providers and the person you name in your directive must follow your Advance Directive.

Must a lawyer prepare my Advance Directive?

No. There are local and national groups that will give you facts on Advance Directives, including forms. Be sure any Advance Directive you use is valid under Texas law.

Who should have a copy of my Advance Directive?

Give a copy of your Advance Directive to your PCP and to any health care center on admission. If you have a Durable Power of Attorney for Health Care, give a copy to the person you have named on it. You should also keep extra copies for yourself.

Do I have to make an Advance Directive?

No. Whether you make an Advance Directive is up to you. A health care provider cannot refuse care based on whether you have an Advance Directive or not.

Can I change or cancel my Advance Directive?

Yes. If you change or cancel your Advance Directive, let anyone who has a copy of it know.

What if I already have an Advance Directive?

You might want to review it or have it reviewed. If it has been prepared in another state, make sure it is valid under Texas law.

Who can legally make health care decisions for me if I cannot make those decisions and I have no Advance Directive?

A court might appoint a guardian to make health care decisions for you. Otherwise, your PCP must go down the following list to find someone else to make health care decisions for you:

1. Your husband or wife, unless you are legally separated.
2. Your adult child. If you have more than one adult child, a majority of them.
3. Your mother or father.
4. Your brother or sister.

If your PCP cannot find a person able to make health care decisions for you, then he or she can decide on your care. Your PCP can do this with the advice of an ethics committee, or the approval of another doctor. You can make sure your wishes are honored by putting them in writing. The person you name in your Advance Directive will not have the right to refuse life-sustaining procedures, such as the use of tubes to give you food or fluids unless:

- a. You have appointed that person to make health care decisions for you in a Durable Power of Attorney for Health Care.
- b. A court has appointed that person as your guardian to make health care decisions for you.
- c. You have stated in an Advance Directive that you do not want this specific treatment. If you need any help in learning about Advance Directives, or to order a copy of a Living Will, call Member Services at **1-888-887-9003**.
